

HOW TO APPLY

It is necessary to register with NALC that the Council are putting forward an application for the Awards Scheme. The registration form can be found on the NALC website under the heading 'Our Work' / 'Improvement and Development' / Local Council Award Scheme, where the form is obtained by clicking on the word register.

From the 'How to apply' window a Local Council Award Scheme Guide can be downloaded.

It is EALC policy that each Council will move through the levels one at a time starting with Foundation and working through to Quality Gold.

NALC will inform the EALC that the registration has been made.

Please also register your interest with us making contact with Amanda to let her know that the Council is working towards the accreditation.

The application forms for the scheme can be downloaded from this website.

When prepared, the Council confirms by resolution that it meets the necessary criteria and the EALC will forward the application form to the accreditation panel.

The application is then assessed by the panel.
