Course time from 9.30am to 4.30pm**

(An hour is allocated for the exam however you are free to leave as soon as you have finished)
£110 + VAT per delegate

Brief Overview:

This course will help anyone in a work environment learn how to take a preventative approach to hazards and promote a positive health and safety culture. It is designed to ensure that all are aware of their own responsibilities and how they contribute to the effective maintenance of health and safety policies. The course will include:

Learning Objectives:

- How to recognise and deal with hazards and risks
- Relevant legislation
- Practical and cost-effective control methods

Learning Outcome:

- Ofqual approved qualification no 600/0598/1 for 3 years.

This course is aimed at all Councils who own, manage or run buildings.

Tutor: Alan Smart MIFL

**Venue: 42B High Street,
Great Dunmow, CM6 1AH**

**Includes exam and
certification**
